CONGRESSMAN MICHAEL CLOUD

HOSTED BY THE CITIZENS OF DEWITT CO.

ABOUT CONGRESSMAN CLOUD

Michael Cloud is a husband, a father, and a grateful citizen of the United States who has a passion for helping people and making a difference in the State of Texas and our nation. He represents and serves the twenty-seventh district of Texas.

Elected in 2018, Congressman Cloud's conservative record standing up for our Texas values and our nation's founding principles speaks for itself. He serves as the only Texas Republican on the House Agriculture Committee and also serves on the House Oversight Committee.

A graduate of Oral Roberts University, he loves to run, hang out with his family, and motivate people to engage with their government. His wife, Rosel, of twenty-one years, is a naturalized citizen from Mexico, a public-school teacher, and they are proud parents of three children, Ean, Zoe, and Kent.
